[Reg. Docket No. 1307, Draft Release No. 62-35]

AIRPORTS

Notice of Proposed Rule Making

Notice is hereby given that there is under consideration a proposal to recodify Parts 570 and 571 of the regulations of the Administrator. Chapter I of Title 14 of the Code of Federal Regulations would be amended by adding a Part 159 [New].

Interested persons are invited to participate in the proposed recodification by submitting such written data, views or arguments as they may desire. Communications must be submitted in duplicate to the Docket Section of the Federal Aviation Agency, Room A-103, 1711 New York Avenue NW., Washington 25, D.C. All communications received on or before August 25, 1962, will be considered before taking action on the proposed recodification. The proposal contained in this notice may be changed in the light of comments received. All comments submitted will be available both during and after the comment period, in the Docket Section for examination by interested persons.

Present Part 570, Washington National Airport, is completely revised in order to bring its coverage up to date and to eliminate obsolete and redundant rules contained therein. In addition, to provide uniformity of rules for all airports under the Bureau of National Capital Airports of this Agency, the Part as proposed would also apply to Dulles International Airport.

This proposal is a part of the program of the Federal Aviation Agency to recodify its regulatory material. The

policy followed in the recodification project is not to make substantive changes. In this case, however, separate publication of the necessary revisions and then immediate recodification of the revised part would be confusing and time consuming, and would result in multiplicity of regulatory actions. This proposal therefore includes the substantive changes contemplated for the revision. The major substantive changes in the rules are to (1) make the laws of Virginia relating to motor vehicles applicable to the operation of motor vehicles on the airport, except as otherwise specifically provided in the part; and (2) to make the criminal laws of Virginia relating to disorderly conduct, gambling, and obscene literature applicable on the airport. In addition, a number of air traffic rules presently contained in the part are omitted

because adequate provisions exist in other applicable regulations. This would have the result of eliminating any possible differences in air traffic rules and enforcement procedures that should be uniform in their application.

The definitions, abbreviations, and rules of construction contained in Part 1 (New), published in the FEDERAL REGISTER on May 15, 1962 (27 F.R. 4587), would apply to new Part 159.

In consideration of the foregoing, it is proposed to amend Chapter III of Title 14 by deleting Parts 570 and 571 and to amend Chapter I of that title by adding new Part 159 (New) reading as herein-after set forth.

This amendment is proposed under the authority of section 1602 of Title 2, District of Columbia Code and section 2 of the Act of June 29, 1940, as amended. 54 Stat. 658.

Issued in Washington, D.C., on July 20, 1962.

N. E. HALABY,
Administrator.

(2) Dulles International Airport, consisting of the land, and the buildings and facilities on that land, located in Fairfax and Loudoun counties, Virginia, the land having been acquired in Civil No. 1638M, and Civil No. 1902M, United States District Court for the Eastern District of Virginia, Alexandria Division.

(b) The Director of the Bureau of National Capital Airports and each Manager of an Airport described in paragraph (a) of this section may issue such orders and instructions as are necessary for administering this part.

§ 159.3 Vehicles carrying passengers for hire.

(a) Except as otherwise specifically authorized by the Administrator, no person may operate a vehicle that is carrying passengers for hire from the Airport unless he has a permit from the Airport Manager.

(b) Except for discharging passengers and as otherwise directed by the Airport Manager, no person may park, on the Airport, a vehicle used for the purpose of carrying passengers for hire unless he has a permit from the Airport Manager.

(c) Except with the specific approval of the Airport Manager under conditions prescribed by him, no person may, on the Airport, solicit or invite any person to ride in a vehicle used for the purpose of carrying passengers for hire, either by driving slowly past a loading entrance to an Airport building or by any other act or the speaking of words that are intended to induce that person to engage the vehicle.

(d) Each person who requests a permit to operate, on the Airport, a vehicle used for the purpose of carrying passengers for hire must apply in writing to the Manager. The application must contain—

(1) The applicant's name and address;
(2) The make, model, and license number of the vehicle to be used;

§ 159.5 Lost articles.

Each person who finds a lost article on the Airport shall deposit it at the office of the Airport police branch. If the article is not claimed by its owner within 90 days after it is deposited, it may be returned to the finder. The Airport Manager shall dispose of any article that is not claimed within that period or returned to the finder.

Subpart B—Motor Vehicle Rules

§ 159.11 General.

(a) Pursuant to section 13 of Title 18, United States Code, unless otherwise provided in this part, the laws of the Commonwealth of Virginia relating to the operation of motor vehicles on the public highways thereof, apply to the operation of motor vehicles on the Airport.

(b) Except under special directions by an authorized employee of the Airport, each person operating a motor vehicle on the Airport shall follow the general rules prescribed by the Airport Manager, this part, and applicable laws.

§ 159.13 Special operating rules.

(a) No person may operate a motor vehicle on the landing area, ramp, or trucking concourse in the terminal building, unless—

(1) The vehicle has been inspected and approved by the Airport Manager or his agent; and

(2) That person holds a current operator's permit issued by the Airport Manager.

(a) Except for persons authorized by the Airport Manager and except for minor repairs necessary to move the vehicle from the Airport, no person may clean or repair a motor vehicle on a road or in a parking area of the Airport.

(b) No person may, on the Airport, move or interfere or tamper with any

§ 159.29 Busses.

No person operating a motor bus for hire may load or unload passengers at the Airport at a place other than that designated by the Airport Manager.

§ 159.31 Moving of motor vehicles.

The Airport Manager or his agent may tow away or otherwise move any motor vehicle on the Airport that is parked in violation of the regulations of the Airport, if the Manager or his agent determines that it is a nuisance or hazard. The Manager may charge a reasonable amount for the moving service and the vehicle moved is subject to a lien for that charge.

§ 159.33 License tags.

No person may operate, stand, or park a motor vehicle on any road or parking area on the Airport unless it has current license tags issued by an appropriate authority. Any motor vehicle that is found standing or parked on the Airport in violation of this section may be impounded by an Airport police officer and removed to the Airport police station or another area of the Airport designated for that purpose by the Airport Manager.

The owner of an aircraft or part thereof that is disabled shall have it promptly repaired or moved from the Airport unless he is required to delay it pending investigation of an accident.
